She's a pretty
good dog, even
though she's kinda
oif.

i have a dog.

1

i got her, like,
ten years ago,

2008

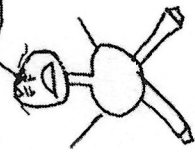

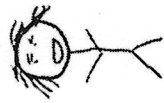

i was in fifth
grade then.

2

they weren't my
favorite teachers,
but of the two,
one of them was

bearable.

YOU'RE A
WASTE OF SPACE

* native americans

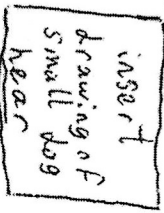

now i always
do my homework
/reading/writing,
because you never
know...

8

... Someday, you might
get a new pupper
because of your
hard work.

* subject to terms
and conditions

i was the proud
owner of a new
smol doggo.

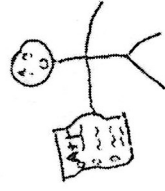

well, too.

luckily, i completely
blitzed him because
i always did my
homework, reasonably

7

anyhow, they got
the bright idea
to hold a "class
auction."

you got "auction points"
by getting good grades.

4

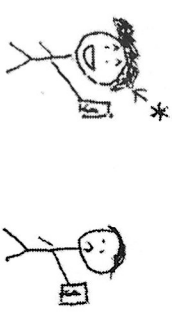

for that particular
year, they put a
puppy on the auction.
it was a siberian
husky/australian ~~shepherd~~
shepherd mix,

and it was adorable.
i had to get it.

5

when bidding time
came, only another
student named ryan
kost challenged me.

it was an intense
battle,

* not a realistic depiction
of my hair at the time
